

List of undergraduate thesis supervised by Prof G Stavroulakis

Student's name	Title	Year
Kalimeri Maria	Quality Control of Koiliaris and Tavronitis Rivers	2004
Katsoprinaki Stella	Ion exchange in the potable water treatment and water solutions	2004
Mylyona Kyriaki	Water Quality Control of Agias-Koufou Springs	2004
Fountoulaki Anastasia	Evaluation of the Reused Wastewater Treatment Techniques for Irrigation	2004
Kerdelas Nikos	The water wars	2005
Maurokefalidou Eleni	Study to the water quality for an integrated groundwater management in Vamos –Crete	2005
Stavrianoudakis Stefanos	Blue flags	2005
Tzinevrakis Stefanos	Annual physical and chemical change in water parameters of lake Kournas	2005
Zoannou Kali - Stella	Multiparametric quality control of mineral and table commercial bottled drinking water	2005
Kirykou Stamatoula	Limnological characteristics of Kournas Lake	2006
Marinaki Georgia	The effect of agricultural practices on the water resources in the district of Chania	2006
Stromatia Eirini, Boudouri Sotiria	The effect of human activities in the water resources of the hydrological basin of Keritis river	2006
Patareskos Nikos	Drinking water disinfection	2006
Tsakiri Charikleia	The Greek international water	2006
Tsotsou Eudoxia	Water and aqueous infections	2006
Vergidou Loukia	Evaluation and optimization of the water system in Municipality of Vamos	2007
Chrisou Eleftheria	Pollution caused by heavy metals determination, in the soils of Keritis hydrological basin, in Chania prefecture.	2007
Mantela Argiri	Heavy Metals in Keritis River Basin	2007
Zikou Aristeia	The effect of heavy metals in human health	2007
Blaxou Agoria, Katsimente Eleni	Study of Changes of Quality Parameters in Surface Water of Keritis River Basin	2008

Daskalaki Aggeliki	The Study of Quality Characteristics and the Brackishing of Groundwater in Municipality of Malia in Crete	2008
Douvika Eugenia	SCADA (Supervisory Control and Data Acquisition)	2008
Kagiautaki Eleni	Study of Bioaccumulation of Heavy Metals from Spearmint Cultivated in Polluted Soil	2008
Koumandraki Drosia	Water Filter Technology for the Domestic Use	2008
Tsamoutsoglou Christina	Determination of Parameters and Heavy Metals in Compost Material of the Municipal Solid Waste Recycling and Composting Facility (MSWRCF) in Chania	2008
Troussa-Marti Sofia	Sea Water Intrusion in the Area of Chania	2009
Minou Antonia	Study of the Water Pollution Level in the Venetian Harbour of Chania and in the Port of Souda Bay	2009
Paida Euanthia Sotiriou Christina	Pollution of Lead and Cadmium in Soil and Plants of Chania	2009
Nousiou Despoina	Assessment of Lead Contamination in the New and Old Roadside Soils and Plants from Chania City	2009
Kastrouni Maria-Eleni	Evaluation of Human Aggravation in Natura 2000 Regions. The Lake of Agia	2009
Tsekoglou Georgios, Klada Maria	Study of Changes in Space and Time in a Variety of Factors in Rainwater	2009
Mavradonaki Fotini	Pollution control of lake Kournas.	2010
Kyriou Maria	Analysis of physical, chemical and microbiological parameters of water resources of hydrologic basin of river Keriti	2010
Kasina Zacharoula	Microbiological analysis of bathing water of the beaches in the Prefecture of Chania	2010
Karpoutzaki, Maria	Investigation of qualitative parameters of water resources of hydrologic basin of Tavronitis river.	2010
Dragazis Eleftherios	Water quality monitoring of the underground water of the area Chalepa, Chania.	2010
Servou Georgia	The Study of Watering Network of Mousouron Municipality	2010
